**Notes:**

1. This map is based on the VicMap digital Crown land parcel layer. Data for Government freehold land was supplied by public authorities. Small land parcels (generally less than one hectare) may not be visible at this map scale. Some parcels are not labelled and small areas may be difficult to distinguish. Larger areas of public land contiguous with the investigation area are shown for context.
2. Areas of Crown land coastal water reserve are included in the investigation area where municipal boundaries extend beyond the low water mark.
3. Some land identified as being owned by public authorities is held in the name of the relevant minister, departmental secretary or governing body.
4. The investigation area and municipal boundaries bordering Port Phillip Bay and Western Port are not shown as they would obscure coastal reserves.
5. Some government roads and public housing land are not shown.
