-  Municipal land
-  Water body
-  Urban growth boundary
-  Land outside investigation area
-  Existing metropolitan rail network
-  Major road
-  Major river
-  Investigation area boundary
-  Municipal boundary

### Locality map

1. This map is based on the VichMap Digital Crown land parcel layer. Data for government freehold land is supplied by public authorities. Data for the metropolitan rail network was supplied by Parks Victoria. Urban growth boundary data was supplied by the Department of Planning and Community Development. Various local councils provided a range of information about public open space on their freehold land. Larger areas of public land contiguous with the investigation area are shown for context.
2. Small land parcels (generally less than one hectare) may not be visible at this map scale.
3. Areas of coastal water reserve are included in the investigation area where municipal boundaries extend beyond the low water mark.
4. Some land identified as being owned public authorities is held in the name of the relevant minister, departmental secretary or governing body such as a council.
5. The investigation area and municipal boundaries bordering Port Phillip Bay and Western Port are not shown as they would obscure coastal reserves.
6. The finer detail on this map can be viewed at [www.vic.ec.vic.gov.au](http://www.vic.ec.vic.gov.au)
